A Farewell Message from Thomas Capotosta, MD

After 45 years as a physician and surgeon in the field of orthopedics, I have decided it is time for me to retire. As I think back over the years, I realize how fortunate I am to have chosen this career path. I have had the opportunity to meet and treat so many wonderful people in a community that is second to none. I never imagined during all my education and training to become an orthopedist, just how rewarding it would be on a daily basis caring for my patients.

I want to take the time to thank my patients for entrusting me with their care. I will certainly miss the relationships I have formed with you. However, I assure each of you, I am leaving you in good hands. My colleagues at Mercer-Bucks Orthopaedics are highly trained, experienced physicians. It's been an honor to work with them, and I completely trust they will provide you the same level of care that I have had the opportunity to provide you throughout the years.

It has been a great pleasure meeting and caring for you. I truly appreciate your friendship and loyalty. I wish you all good health in the years to come.

Thank you,

Thomas Capotosta, MD
