

Dear Friends and Loyal Patients,

I would like to thank you for entrusting me with your orthopedic care. It is with mixed emotions that I tell you I will be leaving Mercer-Bucks Orthopaedics. I have made this decision after careful thought and consideration, but ultimately it was the best decision for me and my family.

I will be leaving Mercer-Bucks Orthopaedics in the next few weeks. Should you require follow up care, my colleagues at MBO are highly trained, experienced physicians. It's been a pleasure to work with them, and I completely trust they will provide you the same level of care that I have had the opportunity to provide you throughout the years.

I have truly enjoyed my time at Mercer-Bucks Orthopaedics and the relationships I have developed. This practice and these communities have been very good to me and I feel honored to have been a part of it over these last few years. If there is any additional information you may need, please contact the office at 609-896-0444.

Again, thank you and I wish you all good health in the years to come.

Sincerely,

Alexander Willis, MD
