LICENSURE

State of New Jersey – 06/2011

State of Pennsylvania – 06/2011

State of New York – 06/2006 to Present #242741

CURRENT PROFESSIONAL STATUS:

Board Eligible – July, 2010

EDUCATION

- 08/2010 – Present **Hospital for Special Surgery, Department of Hand Surgery**
New York, NY
Fellowship position in Hand Surgery
- 07/2006 – 6/2010 **St. Luke's-Roosevelt Hospital Center, Department of Orthopaedic Surgery**
New York, NY
Completed residency in Orthopaedic Surgery
Member of the Departmental Education Committee 2007
- 06/2005 – 06/2006 **St. Luke's-Roosevelt Hospital Center, Department of General Surgery**
New York, NY
Internship in General Surgery
- 08/2001 – 05/2005 **Boston University School of Medicine**
Boston, Mass.
Degree: M.D.
- 08/2000 – 05/2001 **Boston University Division Graduate School of Medical Sciences**
Boston, Mass.
Degree: M.A.
- Master's Thesis:
Investigated the growing burden of AIDS in Africa and sought to delineate alternative solutions to the treatment plans that are currently implemented.
- 09/1995 – 05/1999 **University of Pennsylvania**
Philadelphia, PA
Degree: B.A.
Major: International Relations
Minor: Chemistry

Senior Thesis:

Examined the effects of the International Monetary Fund's Structural Adjustment Programs (SAP) on social welfare in sub-Saharan Africa. The inefficiencies of these programs were emphasized through a focus on health care in participating countries

WORK EXPERIENCE

09/2011 – Present **Mercer-Bucks Orthopaedics**
Lawrenceville, NJ

09/1999 – 06/2000 **Cathedral High School**
New York, NY

Taught three General Chemistry classes in which I was solely responsible for the curriculum and two Regents-level courses. In addition, I served as the faculty moderator for the Arthur Ashe Health Sciences Academy.

RESEARCH EXPERIENCE

03/2008 – 02/2009 **Columbia University Department of Biomedical Engineering**
Clark T. Hugh, Ph.D.
Associate Professor

Developed processes for engineering in vitro cartilage constructs that would approximate the same biomechanical properties as native, human cartilage.

04/2002 – 08/2002 **Boston University Department of Surgery**
James M. Becker, M.D.
Chief of Surgery

Investigating ileal inflammation in a rat model that underwent a total colectomy with ileo-anal anastomosis.
Looked at the role of substance P receptor antagonist in preventing postoperative adhesion formation in rat models.
